Z. C. M. I. BALL TEAM DEFEATS O. S. L. BOYS

Saturday afternoon in a league game at Lagoon, the Z. C. M. I. beat the O. S. L. by a score of \$ to I, the game being called at the end of the seventh inning to allow the Eureka and Park City socker teams to play. The game was rather one-sided as the Z. C. M. I. boys outclassed the railroaders in every department of the game, playing fast snappy ball individually, as well as showing fine team work; while the Short Line boys showed poor form individually and in team work. BLOOMER GIRLS LOSE.

As Baseball Players They Are Weighed In the Balance and Found Wanting. In the Balance and Found Wanting.

If you have ever seen the Boston Bloomer girls attempt to play baseball you are likely to be like the man in the funny papers, hold up your hand and yow "never again."

The Bloomer girls, that is, five of them assisted by four men and a beyy of girls who occupied the bench, tried to play ball at Walker's field yesterday afternoon with a picked aggregation gathered up by Bert Margetts. It was not a game. It was a travesty on the great national pastime. The girls can not play ball and that's all there is to it. No attempt was made to keep a score. Just figure it was about 200 to nothing and you will strike it about right.

JIMMY HANBY CORRECTS HIS STATEMENT

"Jimmy" Hanby, the turf press agent, stated in last evening's "News" that he understood that Manager W. W. Finn had given out as one reason for Hanby's ejection from the fair grounds, that Hanby had been trying to get horses from the local track to go to Butte.

This morning Mr. Hanby stated he wished to make a correction, that he had misunderstood Mr. Finn and knows now that the latter did not make the statement attributed to him.

When Mr. Finn read the statement he said.

When Mr. Finn read the statement he said:

"Why, that cannot be true, for I am soliciting horses myself for the Butte meeting, as I am directly and indirectly interested in the meeting. I have been commissioned by Mrs. Stover, wife of the late Harry Stover, to look after her interests there and will have charge of the horses from the Stover, stables. This will be a one-third interest in the meeting. I have never taken any action detrimental to any meeting. During the Ogden races I did all I could to urge horsemen here to take their horses there."

ANGLING SEASON ON BUT STREAMS BAD

Every man and boy who delights in the sport of angling knows the date today. Each has been looking forward to it for a long time, because June 15 marks the opening of the fishing season. Hundreds of Isaac Waltons armed with rod and reel started out last midnight for the various places where the speckled beauties are supposed to abound and many a hard luck tale will be brought back.

The condition of the mountain streams is anything but good for fishing. They are all swolen and mudy and it will be a hard task to induce the willy trout to jump for the elusive fly. Fishermen have been urged to walt until the spawning season is over with but the fishermen are too anxious—they simply can't walt.

Fishing for frout and bass will not be permitted at Lagoon ponds until July 1, according to an announcement made by J. B. Bean, manager of the resoft. "This action is deemed necessary to protect the spawners," said Mr. Bean, "Two weeks more time will be ample, we think, and after July 1 fishing at Lagoon ponds may be indulged in as usual."

BIKE RACES TONIGHT.

A 10-mile motor-paced race will be the feature this evening at the Salt Palace track. The contestants will be W. E. Samuelson. Harvey Wilcox and Bennie The professionals will have a two-mile lap handicap, and a half-mile open. The amateurs have an Australian pursuit tace and an unknown distance lap race.

PETE CROWLEY WINS.

The fight at Park City last night between Pete Crowley and Joe Jeffords was witnessed by about 800 fight fans. The fight lasted 13 rounds when Crowley landed the sleep wallop and ended the fight. Jeffords said he was fairly beaten. Crowley gives Pete Sullivan credit as Sullivan trained him.

FRANK GOTCH WINS.

Des Moines, Ia. June 14.—Champion Frank Gotch tonight easily and decisively defeated Tom Jenkins, former champion, in two straight fails. Gotch won the first fail in 14:28, with a reverse Nelson and the second with a crotch and half-Nelson in 7:53. Jenkins had no chance against the speed and skill of the champion, who toyed with him.

TY COBB AND TAFT.

Washington, June 14.—The Detroit baseball feam, champlons of the American league, was received by President Taft in the east room of the White House this afternoon.

When "Ty" Cobb, who led the league in batting last season, was presented to him, the president grasped the hand of the Georgian warmly, and said:

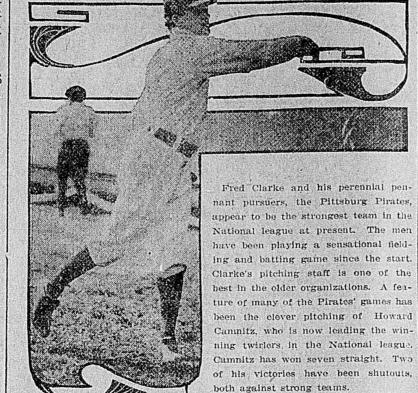

"I believe you and I are fellow citizens of Augusta, Mr. Cobb."

Cobb modestly replied that he was proud to be a citizen of Augusta and a fellow citizen of Mr. Taft.

"The only difference between us." responded the president, with a broad grin, "is that down there they think you are about twice as big as I am."

San Francisco Citizens Having Motor Ride They Scarcely Bargained For -Accident to Acme Car.

When H. A. Taussig of San Francisco said to his friends H. E. Diggles and T. J. Kelly some months ago, "Some day bile ride," they no doubt believed him and now he is doing it but the ride is scarcely what Taussig's friend bargain-

and now he is doing it but the ride is scarcely what Taussig's friend bargained for.

On June 1 they, with R. Sherman, a machinist, started from San Francisco, and arrived in Salt Lake City yesterday Miternoon. Tomorrow they go to Ogden and from there across the country to New York. The guests thought they were going from San Francisco to Los Angeles, but Taussig calmly informed them that their destination was New York. The trip started as a joke but it has got beyond the joking stage. The machine is a big 60 Thomas and has done wonders all along the trip.

The car is well equipped for the long journey, has a goodly supply of gasoline, long strips of canvas for sandy places, a complete medicine chest, and, in fact, about everything needed. The car has not broken down but the pilgrims have experienced some little tire trouble. The average daily run, says Mr. Taussig, is about 150 miles per day, but some days the car has covered 213.

After arriving in New York the car will be given a thorough overhauling and will then start on its westward journey. It will go to Seattle and then through Canada. The party expects to be on the road three or four months.

ACCIDENT TO ACME CAR.

ACCIDENT TO ACME CAR. ACCIDENT TO ACME CAR.

Pierce, Colo., June 15.—The Acme car
No. 6 in the ocean-to-ocean automobile race, broke an axle a mile south
of here at 12:20 o'clock this morning and
will be delayed at least 24 hours pending arrival of repair material from Denover. The car left Limon, Colo., 30 miles
east of-Denver, early yesterday morning
with the intention of making a 24-hour
run to Laramie, Wyo. Mud, axle deep,
was encountered after leaving Greeley,
15 miles south of here, but the crew
kept on doggedly until the accident to
the car put it out of commission temporarily. The distance covered was 156
miles.

Lowis Strang deserted the Cobe trophy course in Indiana, near Chicago, long enough to race at Louisville for the Shriners Imperial Council entertainment committee. Strang "held on to the rone" long enough to capture two events with his stock Bulck, before a blinding and soaking rainstorm put an end to the races.

The nervy son of speed and gasoline won the \$2,000 and under race from a classy field. Cowelf, the Chalmers-Detroit star, being second. In the five miles free for all Strang led the way home by half a mile, Metz in a National 40 getting second place, and Donnelly, the Chicinnati champion, and his Packard, being third.

PLAYING BALL BY ELECTRIC LIGHT

Cincinnati, June 15.—Easeball by electric light, from which so much is expected by some, was given its tryout at League park here last night, when members of the teams representing the Elks lodges of Cincinnati and Newport, Ky., practised for the after-dark game they will play next Thursday night. The immense reflectors installed on high towers illuminated the field almost as brightly as daylight, and others manipulated so that light was thrown upward made it easy to find and catch bulls batted into the air. None of the Cincinnati's played, as President Hermann was unwilling to risk injury to any of bis athletes in the untried style of ball playing.

******* FORMER PUGILIST

MAYOR OF ELK CITY New York, June 15.—Jack Munroe, the former Montana pugilist, who was twice in the ring with James J. Jeffries and who fought a six-round draw with Jack Johnson in Philadelphia four years ago, is now in New York city. Having rettred from the prize ring, Munroe is now mayor of Elk City. Canada, and it is reported that he is very wealthy. He said last night:

"Joffries is the only man who can beat Johnson, and he can win by a knockout inside of 15 rounds. Jeffries, of course, must be himself to do this trick, for the big black is a tough proposition. I think Ketchel is too small to whip Johnson."

JEFFRIES IS SAVAGE.

Indicates He Will Try to Kill Jack
Johnson in the Ring.
Pittsburg, Pa. June 15.-Jim Jeffries,
who meets his sparring partner, Sam
Bergar, here tonight in a six-round exhibition match, grew wrathful when discussing Jack Johnson and announced his
intention of seriously injuring him, if
possible, in their coming contest. He
said:
"I want to say in all sincerity that I
want to meet that fellow worse than I
ever wanted to fight any living man. He
has no business with that title. I have
allways been afraid of my own strength
in the ring, for fear I would kill a
man, but I will have not fear when I get
into the ring with this fellow. For the
first time in my life I will hit with all
the force that is in me. I want to see how
far I can knock him."

COLIN COMING BACK.

James R. Keene's Famous Racehorse
To be Rethred.
New York, June 15.—James R. Keene's
undefeated race horse Colin will probably be brought back from England to
retire to Castleton stud. It is understood
from word which has reached here from
England, that Colin will never race
again and horsemen who believe that
the mighty son of Commando will be
progenitor of a breed of great race
horses have petitioned Mr. Keene to
bring him back, instead of letting him
go to the highest bidder in the English
market. The voyage out Colin out of
condition and since his arrival on the
other side, he has not recovered. James R. Keene's Famous Racehorse

FRANK O'NEILL, JOCKEY.

New York, June 15.—Frank O'Nelll, who rode W. K. Vanderbilt's Negofol to victory in the French derby at Chantilly on Sunday, thus winning \$40,000 for the owner, was once a crack lockey on the western turf. When his increasing weight forced him to abandon the saddle, he formed a partnership with the trainer, Fred Burlew and together they operated what was known as the "B. & O." stables both here and in New Orleans. They were successful from the start and in New Orleans headed the winning owners during two winter campaigns.

winning owners during two winter cam-paigns.

After the passage of the Agnew-Hart law they sold their horses and were the first Americans to leave the turf here for France. Very little has been heard from O'Neill in recent years, but it was known that he was ricing race horses in Europe where the horses carry higher weights than here.

AT FAIRGROUNDS

Two Serious Spills and Jockey Sullivan Receives Broken Leg-Smith's Collar Bone Fractured.

Aside from two bad spills and a misrably bad start, the races at the fair grounds track yesterday afternoon were excellent. There were some close finishes and the events were exciting enough for anybody.

In the fourth race, the Wasatch handicap, Hereafter, became fractious and running against the fence jammed Jockey Sullivan against the rall with such force his right leg was broken. The horse then ran away for seven furlongs. Sullivan, who is one of the best jockeys at the track, was removed to St. Mark's hospital and will be unable to ride for several months. After the horse was caught Jockey Borel was given the mount but Hereafter was "all in" and could not gt near the money.

There was another spill in the second race. Senator Barret threw Jockey H. Smith on the far turn and Smith's collarbone was fractured. The last race of the day was a disappointment. Free Knight the Bear and Platoon, the two heavily played horses, were left at the post and those who bet on them were knight the Bear, was called into the judges' stand and an explanation demanded. Peake declared the horse refused to break when the barrier went up and his statement was corroborated by the starter. grounds track yesterday afternoon up and his statement was corroborated by the starter.

There was a big surprise in the first race. Lee Harrison was the favorite and all the calculations were upset by the victory scored by Cobbleskill.
